

Remarks/Arguments:

After review of the allowed claims, Applicant found a typographical error in claim 41. Applicant has amended claim 41 to correct the typographical error. In particular, claim 41 has been amended to depend from claim 33 which provides proper antecedent basis for the tensioning sleeve recited in claim 41. The amendment herein does not necessitate a new search.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'GMM', is written over a horizontal line.
